About Us

Dedicated in the memory of my late parents
KUSUM & KALYANJI LAXMICHAND SADIWALA

KLS Memorial Hospital is the brainchild of Dr Amul K Sadiwala, who has gleaned over 30 years' experience running Dr. Sadiwala's Clinic and Nursing Home, to create a superior medical service with the latest updated technology & patient care facility.

One of the aims of this modernized health care facility is to bring in state-of-art equipment and the latest medical gadgetry for excelling in the art of surgery thus enhancing patient care.

But the larger goal is to create a model of personalized and warm medical care to all patients, with 'empathy' being the key word, to be nurtured and inculcated in the staff and the doctors.

KLS Memorial Hospital is a centrally air-conditioned, 8-storey multispecialty facility. It offers patients state-of-the-art medical care delivered through efficient & empathetic personnel, aided by cutting-edge technology.

We have an internal Pneumatic Chute Delivery System, to aid in transport of materials within the premise in a quick & energy-efficient manner.

The Hospital generates its own Medical Grade Oxygen for patient use, & has central connections for Vacuum, Oxygen, Nitrous & Carbon Dioxide delivery.

We have installed Solar Power and Rainwater Harvesting facility adhering to the "green building" concept.

We at KLS Memorial Hospital care about your wellbeing. In keeping with your concern, a team of highly qualified and experienced medical personnel have developed the Health Check Program. The packages in this program are designed to give you a complete health check-up and within limitations, detect any latent health problems.

The dedicated Health Check Wing presents you with an exclusive environment and our Health Check-up team ensure that you are comfortable throughout the day. In addition, our packages are offered at a special discounted rates that truly makes them worthwhile.

So book yourself an appointment today and take care of your most precious asset- your body.

The responsibility of one's health lies within oneself.

GUIDELINES FOR THE HEALTH CHECK-UP

- If you are above 40+ years of age and desire to have a complete body profile, having consultation with Physician, Gynecologist/ Surgeon, Dental and Dietician. You will also undergo a complete vitamin profile, Cardiac markers and Total thyroid function along with Ultrasound Abdomen & Pelvis and Mammography (in females), then you opt for **KLS Premium Health Check up Package**.
